Brotherhood Chief Being Investigated

For Using Brotherhood Funds and No Entry Made to Show a Return

(By United Press)

Detroit, Mich., April 22—Investigation was proceeding today on the charges of "gross extravagance and irregularity" against Allan E. Barker, former international grand president of the Brotherhood of Maintenance of Way and Railway Shop Laborers, in handling the brotherhood funds.

Charges were filed by four members of the brotherhood, alleging that the books showed a half million dollars has been spent, and no entry to show the brotherhood has received anything in return. The four complainants have engaged attorneys to represent them in the investigation.

Nebraska Results Boom Johnson

By HAROLD JACOBS

(United Press Staff Correspondent.)

New York, April 22—With one republican and two democratic state conventions under way today, politicians were still seeking to determine the full effect of Tuesday's primaries. Democrats in Kansas and Missouri were selecting twenty delegates from each state to the national convention, while Iowa republicans were choosing twenty-six delegates.

To the majority of politicians Senator Johnson's apparently overwhelming defeat of both General Leonard Wood and General John J. Pershing, was the outstanding feature of the Nebraska primaries. The beating will obviously broaden the rift in General Wood's organization and has brought nearer the attempt to make Frank H. Hitchcock solely responsible for Wood's campaign as exclusively forecast by the United Press Monday.

When the Wood league was created to distribute Wood propaganda and collect funds, Procter was made its national chairman after a break between Wood and John T. King. Wood was without a national campaign manager until he asked Hitchcock to work in that capacity March 5. Meantime Procter took effective charge of the Wood campaign.

Col. Procter went into conference with Norman J. Gouly and T. W. Miller, eastern managers of Wood's campaign. It was learned that Gouly and Miller believe a decision should be made without delay regarding the dictatorship of Wood's campaign.

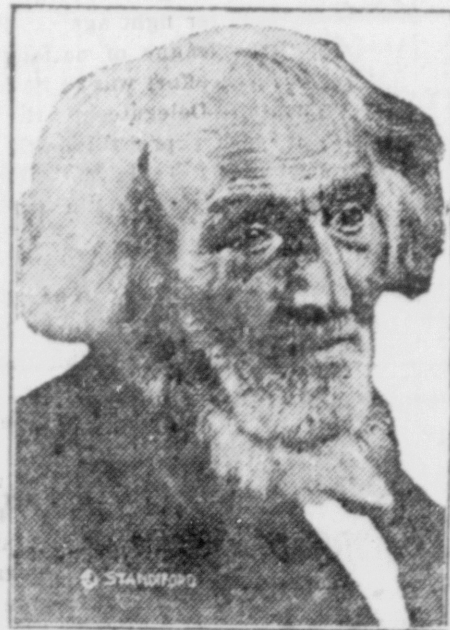

Michigan Delegates Not All for Johnson

(By United Press)

Detroit, Mich., April 22—Senator Hiram Johnson will not have the support of Michigan's thirty delegates, according to indications today.

Although Wayne county's congressional district convention elected four delegates to the national convention pledged to support Johnson for the republican presidential nomination as long as his name remains before the convention, four counties sent uncommitted delegates to the district and state conventions, and one county, Menominee, instructed flatly for General Wood.

JOHNNY SHELL

"Uncle" Johnny Shell, aged one hundred and thirty-two, recently drove off with a shotgun a relative who was trying to take his six-year-old boy from him.

ROBERT E. PEARY, JR.

Robert E. Peary, Jr., sixteen-year-old son of the late Admiral Robert E. Peary, discoverer of the North pole. To this boy the admiral bequeathed his medals, trophies, etc., with the request that he pass them on to his children.

Senator Beveridge Probable Chairman

(United Press)

Chicago, April 22—Republican presidential candidates deadlocked and struggling to have their name selected for the temporary chairmanship for the G. O. P. convention here in June, are preparing to sacrifice their ambitions and name a new candidate. It was learned at the national republican headquarters here today.

To avoid discord within the party, an attempt has been made by peace makers to bring opposing candidates together. The mediators have proposed the name of Albert J. Beveridge, former U. S. senator from Indiana, as temporary chairman.

Three names under discussion had a strong showing, but because of their favoritism by certain candidates, it was believed none of the three would be favorable to all candidates.

Sensors Lodge and Borah and Elihu Root, were the names most prominently mentioned.

Arguments Completed

(By United Press)

Washington, April 22—Arguments in the case of North Dakota citizens attacking the laws of nonpartisan legislature as unconstitutional, were completed today in the supreme court. The case now goes under advisement and a decision is expected before adjournment of the high tribunal early in June.

The last suit to be argued is to determine whether the state can tax the shares of stock of all corporations doing business in the state in addition to property levy. The railroad director general brought the suit claiming taxes can be based only on the value of property within North Dakota. The state lost in the lower court.

Demands Only What is Due Her

CAMILLO CIANFERRO, (United Press Correspondent)

San Remo, Italy, April 22—France demands only "what is due her" in execution of the military clause in the peace treaty with Germany, Premier Millerand told the correspondent today.

"We are not actuated by a motive of hatred or revenge. If Germany does not carry out the treaty of Versailles," he said, "the allies will confer on the means to employ to enforce her to do so."

Recommends Larger Army For Germany

(By United Press)

Paris, April 22—The interallied commission has recommended that Germany be allowed an army in excess of the 100,000 provided in the treaty of Versailles, the newspaper L'Intransigeant said today in a dispatch from its correspondent at San Remo.

The present conference of the council of premiers, the newspaper said, will end April 26 and will reconvene in Paris May 6.

Full Suffrage for Women This Year Depends on Court

If Decision in Ohio Referendum Case Argued Today is Favorable, They Can Vote

H. W. WALKER

(United Press Staff Correspondent.) Washington, April 22—Whether the suffrage amendment will be declared ratified in time to give all women citizens full voting rights in the election next November, now virtually hinges on action of the United States supreme court in a case to be argued late today or tomorrow.

Final action of the court is expected before adjournment early in June. Suffrage leaders estimate that if the court's action is what they consider favorable, 20,000,000 women will be eligible to vote in the next election. But of this number 7,000,000,000 have full suffrage rights under the states statutes, while 6,000,000 have limited voting privileges.

The case is an appeal from the Ohio supreme court to determine whether the legislature of that state can ratify an amendment to the federal constitution without submitting it to a referendum.

The Ohio supreme court held that the ratification was not complete until the people pass on it.

Ratification by one more state would give the suffragettes only thirty-six, or exactly the necessary three fourth with Ohio. If the supreme court should declare that Ohio's ratification is not complete without a referendum, the vote could not be taken under the Ohio law until the next general election.

Carranza Proposes Peace to Rebels

(By United Press)

Washington, April 22—President Carranza is now attempting to make peace with the Sonora revolutionary forces, according to General Alvarado, representative here of the Obregon revolution.

Steamer Sinking Reported by Wireless

(By United Press)

London, April 22—A wireless message from the United States shipping board steamer Wayouth early today said the vessel was sinking. Aid was sent.

Grain Futures Jump

(United Press)

Chicago, April 22—Grain futures rallied on the Chicago board of trade today and headed by heavy buying, jumped from one to five cents over the opening.

May corn at 1.67½ was up 5¼ cents over the opening. July corn gained three cents at 1.59½; September corn was up 1½ cents at 1.54½; May oats gained three cents at 95 cents and July oats was up 1½ at 85½ cents.

Census Figures

(By United Press)

Washington, April 22—The census bureau today announced the following 1920 population results:

Racine, Wis., 55,593, an increase of 20,591, or 54.2 per cent.

Venice, California 10,385, an increase of 7,266, or 233 per cent.

Gallion, Ohio, 7,374 an increase of 160, or 2.2 per cent.

Fergus Falls Figures Tomorrow Washington, April 22—The census bureau announced today that population figures will be made public tomorrow at 10:30 eastern time, for Fergus Falls.

O'Dell-Kneip Murder Trial

(By United Press)

Rochester, N. Y., April 22—James E. O'Dell, charged in company with his wife with murdering Edward J. Kneip, resumed the witness stand in his trial today. He continued a description of the crime. Women were barred from entering the court room because of the nature of the testimony.

ALICE JOYCE

Among the favorites on the "movie" screen is dainty Alice Joyce. She has met with success after success. Playing double roles is one of her specialties and has won her a warm place in the hearts of the patrons of the silent drama.

Johnson Keeps Lead in Nebraska

Bryan Will be Candidate to Democratic Convention—Hitchcock For President

(By United Press)

Lincoln, Neb., April 22—Senator Hiram Johnson today maintained his lead in the returns from Nebraska presidential preferential primaries. Latest returns from 1,054 precincts covering sixty-five per cent of the state, gave Senator Johnson 41,753, General Wood 30,354 and General Pershing 19,860.

Wm. Jennings Bryan will be a delegate from Nebraska to the democratic convention returns indicated today. Bryan and Berge apparently were elected, and the two Hitchcock candidates—Neville and Shillingberger, with the greatest majority. Bryan's vote was third.

Senator G. M. Hitchcock apparently won the democratic endorsement for president. He had little opposition.

Glands, Monkey or Goat, Will Fill You With Pep, These People Declare

Take your choice—monkey glands or goat glands. Dr. J. R. Brinkley of Milford, Kan., pins his faith on goat glands. He is seen here with the first of six children born as a result of interstitial goat gland operations performed by him. The child is twelve months old, weighs thirty pounds and has never been ill. He declares he has proved that the transplanting of goat glands to the human body will make parents, formerly sterile, capable of bearing and begetting children. Dr. Sergius Voronoff, the French surgeon, has aroused world-wide interest by his experiments in prolonging human life with monkey glands. Reports from Paris stated that he transplanted the interstitial glands but now comes Robert George Laws, a retired London stock broker, who says that after taking monkey glands in capsule form he has shaken off his seventy-two years and feels "like twenty-two." The photograph of Laws, seen in the insert, was taken when he arrived in this country recently.

Rise in Bread and Wheat Prices is Predicted

The 1920 Crop of Wheat Will be Short Throughout the World

RALPH COUCH

(Staff Correspondent United Press.) Washington, April 22—Bread prices will be increased again following rising flour and wheat quotations, government reports indicate today.

Wheat now sells far above the government's guarantee price, and has not yet reached the highest level, according to estimates by the bureau of agriculture today.

"The 1920 crop will be short, not only in the United States, but throughout the world," said Statistician Natt Murray.

"This will effect prices inside the United States, which means what the trade calls a healthy market. It spells the reverse of reduction by a fluctuating market."

Other signs also point to a rising market. One is dissolution of the U. S. grain corporation July 30.

The grain corporation, through its ability to buy, sell or store large quantities of wheat, had power to control prices to a large extent.

Many farmers contend it deliberately has brought down wheat prices. Senators and congressmen from agricultural states today predict dissolution of the corporation will bring a sudden increase in prices.

Switchmen Run Greatest Risk

Washington, April 22—Switchmen run more risk of injury than any other class of railroad employees, President L. E. Heberling told the railroad labor board today in support of the claims of his union for wage increases amounting to fifty-eight per cent. Heberling was the first of several union chiefs to argue before the board today.

\$150,000 More Certificates Sold

St. Paul, April 22—An additional \$150,000 worth of certificates of indebtedness for the state soldier bonus board were disposed of today.

H. M. GAYLORD

Deputy Commissioner H. M. Gaylord of the prohibition enforcement bureau, has just returned to Washington, after an inspection trip, and declares that the enforcement of the prohibition act is successful in all parts of the country he has visited.

Overall Price Jumps

New York April 22—Just as New Yorkers today launched their campaign on the high cost of clothing by staging an overall parade on Broadway, it became known that second-hand army overalls, recently sold by the government for 16 cents a pair, were being offered for sale by dealers for \$3.

This discovery was made by Edward W. Ward, director of a department of the Knights of Columbus, that help soldiers recover lost baggage. He announced he had stumbled across the \$3 apparel in Hoboken.

Blue Denims in Church

St. Louis, April 22—Blue denims made their first appearance as church-going garb here recently, being introduced by the members of a Methodist church Bible class, \$5 strong. Two new "clubs" with a membership of more than 200 were formed. A hotel announced that overalls for bell-boys and khaki for maids would hereafter be "regulation."

Premiers Discuss Turkish Question

(By United Press)

San Remo, Italy, April 22—As the fourth day of the conference of allied premiers opened today, there had been apparently very little accomplished.

So far the premiers have spent practically all their time discussing the Turkish question. The official statement last night said:

"The conference resumed discussion of the clause of the Turkish treaty as to her naval and military experts in technical points and examined certain territorial questions."

Settlement of the Adriatic question which Italy had hoped to be settled during the present conference, apparently has been postponed to the May meeting in Paris.

The Jugo-Slav delegation which arrived here from Paris, denied statements that M. Rodovick, the Jugo-Slav conferee in the recently Italy-Slav negotiations, was coming to San Remo from Belgrade.

French Senate Sits as Court

(By United Press)

Paris, April 22—The senate sitting as high court of justice met secretly this afternoon to consider the evidence in the trial of Joseph Caillaux.

Arguments in the trial of the former premier charged with plotting against France during the war, were completed last night. The prosecution has asked for a death penalty.

Agreed With Daddy

Marjorie liked to play in the ground feed her father mixed up for his horses. She had been scolded for this without effect. So one day her father, catching her in the act, picked her up and gave her a spanking. As he put her down he said: "Now, my young lady, that is just enough of that." "Mell say 'tis," came the tearful answer.

Strikers and Police Clash At Butte, Mont.

Fifteen Men Were Shot, of Whom Seven are Reported Dying

Butte, Mont., April 22—Seven of the fifteen men shot in a clash here yesterday between L. W. W. strikers and the police escorting men desiring to work at Never-Sweat mine, were believed dying today.

The strikers are demanding \$7 for a six hour day. Police reserves were on guard all night against an expected outbreak. One of the wounded men is a policeman.

Strong outbreaks were threatened today. Feeling was high following yesterday's fighting. Small outbreaks were reported in various parts of the city all night.

Guards were escorting workmen through the crowds of jeering strike pickets when a revolver shot was fired. The shot was believed to have been fired by a sniper in a nearby building. A near riot resulted. Both sides opened fire with revolvers. The guards and deputies finally dispersed the crowd. Police reserves and special guards were called out.

General Strike Brewing

Butte, Mont., April 22—A general strike throughout the state of Montana was brewing today following the strike clash near the Never-Sweat mine late yesterday in which twenty men were wounded, three fatally.

Telegrams calling on workers to strike had been sent broadcast thru-out Montana and favorable replies were coming in today, according to labor leaders.

Hugh B. Haran, 19, was shot and killed in the press room of the Daily Bulletin here today. The Bulletin is the organ of the striking miners. Joe Babst, 33, arrested on a charge of shooting Haran, claimed it was accidental. Both men belong to the radical group.

The three wounded men who are believed to be dying here are, Thomas Manning, shot through the lungs; Jas. McCarthy, shot through the lungs, and James Sullivan, shot through the spine.

The others were injured by being shot or struck on the head by weapons in the general free for all fight. One policeman was hit on the head but not fatally hurt. Striking men claim they were attacked, saying they offered no resistance and were unarmed. Both police and sheriffs declare they did not fire a shot. The situation in Butte was extremely tense today.

Regulars Sent From Camp Lewis

San Francisco, April 22—Regular army troops from Camp Lewis, Washington, were ordered to Butte, Mont., today in connection with the miners strike, and reported disturbances there. Announcement from General Liggett's headquarters here was that the size of the force to be sent to Butte would be left to the discretion of General Morris, commanding the camp.

Is Storm Center of Convention

Joplin, Mo., April 22—United States Senator James Reed promised to be the storm-center of Missouri's democratic state convention which today was to name thirty-six delegates to the national convention. Reed is a candidate for delegate-at-large. Because of his bitter fight against President Wilson's league of nations administration, an effort was to be made to defeat him. Delegates to the national convention probably will not be instructed. It is possible the prohibition question will be thrown into the convention.

Senator Reed Elected Delegate

Joplin, Mo., April 22—United States Senator James A. Reed, standing on his anti-league of nations record, today was chosen delegate to the democratic national convention in San Francisco at the caucus of the fifth congressional district. The support is subject to approval by the state convention. They say their delegates shall not be bound by convention instructions.

Foxy Birds.

Many birds have the trick of tumbling along on the ground in front of sportsmen in order to draw them away from their nests.

THE WEATHER

Weather Forecast for Next 24 Hours

Minnesota—Rain tonight, colder in the south and west rain in the extreme north portions, Friday cloudy with strong winds becoming northwest.

Cooperative observer's record.

April 20, Maximum 50, minimum 37. Reading in evening 38. Northwest wind. Cloudy. Light rain. April 21, Maximum during the night, 38. Heavy rain.

Mr. and Mrs. Severn Koop and Mr. and Mrs. Harry Koop of Crosby attended the funeral of Mrs. Lillian Ewing, returning home on the afternoon train.

The famous "Blue Bird" electric washer is here. See it at the Brainerd Electric Co. 27312

The dance at Long Lake hall has been postponed because of bad roads, to Saturday, May 1. 27412-w1

John Nolan has been confined to his home for the past four days because of illness, from which he is recovering. This is the first day off he has taken in 20 years, surely a remarkable record.

Rugs and carpets wear longer and look better when renovated thoroughly. Send them to "Brainerd Model Laundry." 27312

Charles E. Britton sold a horse with one application of a Dispatch want, same day the ad appeared. Within 24 hours following a dozen more buyers appeared on the scene, all attesting to the efficiency of the little want.

Apples \$2.50 per box at Larson's Grocery. 27411 w1

Mrs. Charles Bourassa has received a telegram announcing the death of her sister, Mrs. Tillie Boehenski at Hoquiam, Wash. She was a widow and leaves five children. She was a sister too of Mrs. John Murlowick.

WHEN YOU WEARY OF A ROOM change its color scheme with wall paper and paint. Good mechanics to do it at a reasonable cost. C. C. Bowen, 617 Main St., near the new water tower. 2651f

The "Blue Bird" brings happiness to any household. See it at the Brainerd Electric Co. 27312

Prof. David Swenson of the University of Minnesota, will speak at the high school auditorium Friday evening, at 8 o'clock, on the subject, "Education and Citizenship." Prof. Swenson is a member of the school board of Minneapolis.

King, the Sporting Goods man will soon have 2 Kaley outdoor motors. Don't buy before you see them. 27113

The roll of sickness at the water and light board offices is a heavy one. Ed Wicklund, the bookkeeper, has a bad cold. Ole Warlof, the head line-man, is sick at home. Elmer Dahl, the meter reader, has recently recovered and is again at work.

THERE IS NO SPEED LIMIT TO our service in assisting your house-cleaning with wall paper and paint. Secure my large force of good workmen early. C. C. Bowen, Tel. 982-W, 617 Main St., near the new water tower. 2651f

B. F. McGivern, representative of the Kiewit Associated Products Co.

of Little Falls, has introduced their near beer "Victo" in Brainerd which will be retailed by Fred Cook. The Kiewit company will manufacture butter, ice cream, near beer, condensed milk, etc., over \$50,000 machinery having been purchased and installed.

Order your monuments now, so you will have it Decoration Day. No payment required until delivery. Ernest Ritari, 1123 Norwood, Phone 386-L. 250126p

In St. Francis Catholic church this morning requiem mass was solemnized at the services over the remains of Mrs. Lillian Ewing, Rev. Father J. J. O'Mahoney officiating. There was a large attendance of friends and relatives. The casket at the home of Mr. and Mrs. George F. Murphy was literally covered with flowers. From there the funeral cortege wended its ways to the church. The pallbearers were F. M. Koop, Edward Koop, W. A. M. Johnstone, H. P. Dunn, Dr. Harry Murphy and James Murphy. During the services Mrs. Mal D. Clark and A. C. Mraz sang solos.

BARRIERS ITEMS

Large Amount of Roadwork to be Done During the Summer in Barrows Vicinity

Barrows, Minn., April 21—The town board held a meeting at the town hall in Barrows Friday and appointed L. S. Lougee Road Superintendent for the ensuing season. Arrangements were made to do a large amount of roadwork during the summer and it is expected all town roads will be in first class condition by early fall.

Mrs. Jessie Donahue and son Harold left for St. Paul after spending a few days with her parents here Mr. and Mrs. W. H. Donahue.

J. H. Chase left for Willmar Monday to attend to business matters.

Brainerd people who rented houses here during the past week are A. M. Greenwalt, Geo. A. Nemeth, Otto Kretzman, R. V. Robins, R. Lindberg, and B. D. Williams.

Mr. and Mrs. Fred Ott and Mr. and Mrs. W. H. Donahue motored to Little Falls on Monday.

Mr. and Mrs. M. Berggreen of Crow Wing were in town on business Saturday.

R. Hodge of Crow Wing was in town on business on Monday.

Aleck Levine of Aitkin visited with Mr. and Mrs. Peter Anderson the past week, returning to Aitkin Monday.

Mr. and Mrs. C. Oakes and F. Engelhart were callers in town Monday.

LIVING COST IN SMALL TOWN

About Half What It Is in the Cities. According to Writer in People's Magazine.

"I make the bold statement that a man with a wife and two children," says William D. Felley in People's Magazine, "can come back to a small town and live for exactly one-half what it costs him to live in the city, living conditions being equal. It will shock some city men to realize that authoritative figures have been compiled proving that 90 per cent of the 25,000,000 families making up the rank and file of ordinary America are drawing less than \$2,000 a year wages. Moreover, they are living upon it decently and saving money. If they were not could five great bond issues have been floated during the late war successfully, or would we have such stupendous sums laid away in the national savings banks? Two thousand a year is less than \$40 a week. The secret is that it costs less to live in the country.

"So my advice to any young man, city reared or no, who is bound down to the squalor, jazz routine, monotony, asphalt and high prices, is to make the break and get away. Don't be in a hurry. Pick out an ideal country town of say 10,000 people within 200 or 300 miles of some great center and land a good job there before throwing up your city place. Then buy a cottage if you can—and with a little search they are always available—get your own plot of land and use it to cut down your expenses. Join a church, live simply, moderately, comfortably, put some money every week in the savings bank. The opportunity will come sooner than you dream for you to get into some good local business and your circle of friendships will have become such—if you have deported yourself properly—that you will be surprised at the assistance which will come to you. From then on your career will rest solely upon your own abilities and acumen. You will gain assets of character by living such a life that are worth more than money—even much money. And after a while you will pity the poor grubs back in the office who could not get away from the arc lamps and the pavements."

Never Touchd Her.

The man who says that charity begins at home is not always corroborated by his wife.—Boston Transcript.

90,000,000 Broom Handles.

It is said that 90,000,000 broom handles are used annually in the United States.

HOME TOWN HELPS

START YOUR GARDEN EARLY

Department of Agriculture Puts Forth Plea for the Raising of More Food Products.

Gardens are going to be just as important the coming year as during the war period, United States department of agriculture specialists declare. High food costs, they say, are likely to remain until more to eat is grown and distributed. Farm gardens, village gardens and city backyard gardens all will help. Food produced in the garden not only helps balance the family budget but releases that grown on farms for the use of people who are entirely dependent upon others.

With the lengthening of the days it will not be long until land can be worked, and such hardy crops as peas, onions, lettuce, radishes and beets planted, especially throughout the lower Gulf coast region. The average date of the last killing frost of the winter in this section is not later than

Corner of a Town Garden.

March 15. This zone includes the southern portion of South Carolina, the southern half of Georgia, Alabama and Mississippi, almost the whole of Louisiana and all southeastern Texas. Several of the more hardy garden crops, including those mentioned above, will withstand considerable frost and may be planted at least a month before the average date for the last frost.

Irish potatoes are easily injured by freezing, but they require about a month to come up and may be planted at about the same time as lettuce and radishes. It pays to take a chance on the early planting of certain of the more hardy garden vegetables. If they are killed or severely injured they may be replanted. A good method is to make about three plantings at intervals of three weeks, and if the first planting is killed the later ones take its place.

Pansies for Spring Bedding.

Pansy seed started in the conservatory or greenhouse now will make good plants for bedding out in the spring.

Sow the seeds in seed pans or boxes and grow the plants in the shallow boxes used by florists for this purpose.

Cold frames should be ready and kept covered all winter, to take the plants in March.

The plants can be potted and grown in the pots. The object of putting the plants in the cold frames is to save room in the greenhouse and also to harden the plants off so they can be set out early in beds. The snail must be taken off the cold frames early or the plants will become tall and spindly or "drawn," as the gardeners call them.

Pays to Attract Tourists.

Money in the average town circulates. It moves in a circle from industry to employees, from employees to stores, from stores to bank, and back to industry again. Additions from outside sources, therefore, are real gains, real profits to the community. Money left in town by tourists is such a profit.

Therefore the town that repels automobilists by poor roads, lack of signs and petty traffic restrictions is losing money. The community that goes out of its way to attract motoring travel is doing some real good for itself.

To draw the stranger and treat him well is more than merely advertising the town. It is making money.—Ohio Motorist.

LITTLE FALLS LAUNCHES TEAM

Playing Season to Last 11 Weeks and
Will Start June 15—Board
Directors Named

BUSINESS MANAGER TO DIRECT
\$2,850 Raised in \$25 Subscriptions,
Sub-Committee Later Will Go
for Small Amounts

Brainerd may gain some pointers on baseball organization by Little Falls' example. Here is what was achieved in Little Falls, according to the Daily Transcript of that city:

Baseball started here in earnest when an enthusiastic meeting of the baseball men and subscribers was held last night at the city hall. A board of directors, to handle the team in all departments, was elected and nothing remains now for the fans to do but "stand by" and wait for the warm weather to come and the players to hit along early in June.

The plan, as worked out last night, will be to have a board of five directors to have full charge of the team. Those elected to this board were Jos. Moeglein, E. A. Berg, Chas. Sylvester, E. V. Wetzel and L. J. Zancig. A secretary and business manager will be hired to take care of all work under the direction of the board.

Chairman Sylvester of the organization meeting reports that the financial committee had secured about \$2,850 with the list on which nothing less than \$25 was taken. A sub-committee will go out in the near future with the list for subscriptions for lesser amounts.

The matter of securing baseball suits was talked of and it was decided that the directors go into the matter at once as it will take some time to get a playing manager to have ager of the right caliber will also give the directors some little trouble and this matter will also receive the immediate attention of the directors. It is the plan as worked out last night, to get a playing manager to have charge of the team on the field, who is an exceptionally good player and one who will have the right kind of influence upon the players.

Peter Newman, who was asked at the meeting held some time ago to get in touch with prospective players and line them up for action by the directors, reported having heard from a large number and the names were handed to the directors.

The ball will start rolling at once, according to the directors, and as soon as possible a business manager and secretary will be lined up. In the matter of the Seventh Day Adventists, who are scheduled to have the grounds the early part of June, it was found that if arrangements could be made to have them remove their tents from the diamond as soon as the conference is over, there would be no interference with practice. Men will not arrive much before June 10 and the conference will be finished June 13. There will be no friction between the two. If necessary, the West side diamond will be used, as some of the West Side business men have stated that they will see that it is put in shape for that purpose if the directors wish them to do so.

The meeting last night was well attended and much interest was shown. It was stated at the meeting that Long Prairie and Alexandria are both to have salaried teams, and Brainerd is also reported to have been lining up a strong aggregation. If these towns get squared away with fast teams, there will be something doing hereabouts during the next few months.

Pie Social

The Y. P. society of the Swedish Lutheran church, will give a pie social at the church parlors, on Friday evening, April 23rd, at 8 o'clock.

The following program will be rendered:
Piano Solo—Isabelle Worden
Song—Male Quartette
Reading—Helen Marie Stadthaus
Vocal Solo—R. N. Lindberg
If you like pie, this is the place for you Friday night. The girls will bring the pies and the boys will do the buying. Everybody welcome. Bring your friends also.

Philathea Class

The Philathea class will have a party at the Methodist church on Friday evening.

Honor Welsh Patron Saint.

In Queensland March 1 is kept as a holiday sacred to St. David, the patron saint of Wales, who resided in Menevia, which early became a popular place of pilgrimage. William the Conqueror, Henry II and Edward I went to this place. Two pilgrimages to Menevia were commonly regarded as the equivalent of one pilgrimage to Rome.

CONVEYS BUSINESS LESSON

"Troubles of a Merchant and How to Stop Them," to be Shown at the Chamber of Commerce

The three reel feature film, "Troubles of a Merchant and How to Stop Them" will be presented for the first time in Brainerd on Tuesday night, May 4, at 8 o'clock, in the Chamber of Commerce rooms. In connection with a film, a lecture on retail merchandising will be given. All merchants and salespeople in the city are invited to attend. No charge will be made for admission.

The Chamber of Commerce has secured the film and merchandising lecture through the courtesy of The National Cash Register Company, Dayton, Ohio. G. W. Sulley, expert lecturer of the Dayton company, will be the speaker. The lecture has been given before commercial organizations and conventions throughout the country, and has been highly commended. Causes for losses and failures in retail business are shown, and their remedy told in the lecture, which has been prepared from the experience of that company in its thirty-five years of dealing with merchants in all parts of the world.

A prominent place in the lecture is given to the value of newspaper advertising. By means of stereopticon slides, G. W. Sulley will tell how to prepare newspaper copy, how to secure best results, and why a merchant should advertise continually. Window display, efficiency of clerks, selling methods, credit business and other topics of interest to merchants will also be discussed.

The film tells in a vivid manner the story of Mr. White, a merchant who is near failure. As the film progresses, the reasons for his lack of success become plain. Poor arrangement of goods, an unattractive front, lax business methods, and most of all out-of-date business methods, all contributed their quota of loss.

Finally a change comes in the career of Mr. White. He remodels his store, installs a modern system, does more advertising and rapidly rises to success. The film is declared to have a business lesson in every scene.

Many merchants and salespeople in this city are expected to welcome the opportunity offered by this lecture, and a large attendance is looked for.

MARKET REPORT

Minneapolis Cash Grain

Wheat—No. 1 dark northern, \$3.05 to \$3.25; No. 1 northern, \$3 to \$3.10.
Corn—No. 3 yellow, \$1.64 to \$1.65.

PERSONEL OF "KATCHA-KOO"

The personnel of the "Katcha-Koo" cast has been announced. They will appear in the home talent musical production to be given under Brainerd Lodge of Elks, No. 615, auspices at the New Park Theatre on Thursday and Friday evenings, April 29 and 30. Here is the cast:

Katcha-Koo, an oriental fakir—Mr. Roland Jenkins.
Dick Horton, collector of antiques—Mr. Alfred Mraz.
Harry Bradstone, collector of adventures—Mr. Eugene White.
Maharajah of Hunka, an East Indian Romeo—Mr. Harry Butler.
Mrs. Chattie Gaddin, a widow—Mrs. Clyde Burnett.
Dolly and Prudence, her charming daughters—Miss Norma Brady and Miss Delilah Koop.
Patsy Kildare, Irish wife—Mrs. Harry Carlson.
La Belle Elysee, French wife—Miss Edna Thompson.
Chin Chin Foo, Chinese wife—Miss Edna Mahlum.
Brazilitta, Brazilian wife—Miss Dorothy Carmichael.

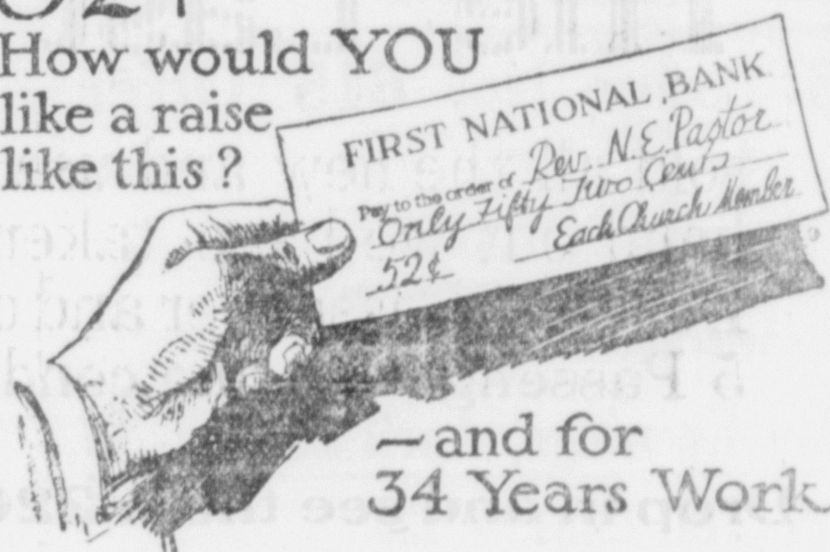

Two Causes of "Eye Spots."

Spots before the eyes are of two kinds, namely floating and stationary. The former is a normal effect from natural imperfections of the eye, more noticeable in case of digestive disturbances. The stationary spots are a symptom of cataract, or opacity of the crystalline lens.

The Greater Deed.

Blessed is the memory of those who have kept themselves unspotted from the world! Yet more blessed, more dear, the memory of those who have kept themselves unspotted in the world.—Mrs. Jamieson.

52¢
How would YOU
like a raise
like this?

—and for
34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

INTERCHURCH WORLD MOVEMENT

45 WEST 18th STREET, NEW YORK CITY

Thought.

Men fear thought as they fear nothing else on earth—more than ruin, more even than death. Thought is subversive and revolutionary, destructive and terrible; thought is merciless to privilege, established institutions, and comfortable habits; thought is anarchic and lawless, indifferent to authority, careless of the well-tried wisdom of the ages. Thought looks into the pit of hell and is not afraid.—Bertrand Russell.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Flowers Are Worth While!

EVERYONE loves beautiful flowers in the yard and in the home. If you plan your garden carefully, you can enjoy a succession of blossoms from early Spring to late Autumn.

The success of your garden depends largely on the quality of the seed you sow. With Northrup, King & Co.'s Seeds you obtain the result of years of selection and breeding. These seeds are hardy and vigorous, being always carefully tested. They have the inherited tendency to produce flowers of luxuriant bloom and rich color.

Northrup, King & Co.'s Seed Case, now at a nearby dealer's, contains seeds of your favorite flowers, at 5c a packet. It will help you plan the most beautiful flower garden you have ever enjoyed.

ATTEND MASS MEETING TONIGHT

Every taxpayer in the city, and especially every property owner on Oak street, should attend the mass meeting at the court house tonight and express his opinion of the recommendation of the city council to pay \$16,000 more for bituminous pavement than first-class cement, when the latter is pronounced by both city and county engineers to be the better paving. It would be foolhardy and needlessly extravagant to pay out \$16,000 more for paying if both kinds were of equal merit, but to pay out that much more for an inferior article in the opinion of the city and county experts, is the height of folly.

This is especially true in the depleted state of the city's finances when the additional payment means other streets needing the improvement as badly as Oak street will have to wait indefinitely before they can be improved.

Anyway, attend the meeting, and voice your sentiment.

MUST SETTLE DOWN

The word served on Germany that no revolutionary government in that country which refuses to carry out the treaty provisions will be recognized is dictated by common sense. Not only is it right, but it has been demonstrated that the German leaders who have been declaring that the people cannot be brought to submit to the terms are bluffing. What is keeping the Germans from settling down is the plotting of the junker element.

The people of the district entered recently by France were less disturbed over French occupation than they were over some of the military movements at home. A strong stand by the allies at this juncture is of service to the German people against those at home, who, by holding out false hopes to them, could only make their conditions worse. It is time to impress upon the Germans generally that the peace terms must be obeyed.

A vacillating policy is a breeder of unrest.

SOLUTION FOR HIGH COSTS

The only solution for high costs of things, as said by some newspapers and economists, is to quit using the articles. That's like the man who is broke saving money because he cannot spend any.

It's a hard matter to bring down prices by denying yourself clothing and food. A man may go naked and starve before any reduction is visible.

The best plan is a "Back to the Farm" movement and raise your own stuff and wear simple clothing and get back to the simple life. That is, providing your wife is willing.

OTHERWISE IT WAS ALL RIGHT

The Anoka Herald reviews a recent offering of the Red Wing Eagle as follows:

Brother Olson of the Red Wing Eagle got off a long editorial on April 5th, deploring certain action of the state Editorial Association regarding a certain Editor Lee. Outside of the facts that Olson had the wrong Lee, the wrong newspaper, the wrong town, that the article in question had nothing to do with the Nonpartisan league and his consequent deductions were therefore entirely wrong—outside of these things, the editorial was—well, interesting.

EVERY MAN NEEDED

The police force of Brainerd is not a large one and accordingly every man is needed in his place on schedule. The city can ill afford to be without a man especially at night time. An officer incapacitated through his own acts to serve should be called on the carpet and at least reprimanded to avoid a second occurrence of neglect of duty.

DORNING OVERALLS

This thing of women wearing over-

alls is nothing new in some households where mother has been the boss and father did what he was told.

NORTHERN PACIFIC TO HAVE 76 NEW ENGINES FOR FREIGHT SERVICE

Billings, Mont., April 22—Seventy-six locomotives will be added to the equipment of the Northern Pacific in a short time, J. M. Rapelje, general manager, announced today. All will be of the heavy type and all but twenty-five will be put into freight service to relieve congestion and speed up shipments.

Mr. Rapelje also announced that a campaign for greater efficiency in the use of freight cars will be launched soon. Under the plan the shippers and the railroads will co-operate to reduce the time consumed in loading, unloading, switching, repairing and other necessary delays. One car hour per day could easily be saved, he asserted, and on the Northern Pacific this will mean a saving of 40,000 car hours per day, the equivalent of 1,500 additional cars. He believed there are unlimited possibilities in increasing the efficiency of the 2,500,000 cars in the country.

Grapplers Terms Are too Steep

Virginia, Minn., April 19—Whether Henry Karhunaari, middleweight wrestling champion of Europe, and Johnnie Meyer, claimant to the world's middleweight championship, are to meet depends upon Meyer's decision as to terms.

In his last letter Manager Ed White of the Chicago grappler states that he will come for 35 per cent of the gross receipts, with a guarantee of \$350 and two round-trip tickets sent in advance. Manager Walter Newman and Karhunaari will not agree to these terms, and unless Meyer changes his mind, state that the match cannot take place.

Karhunaari formerly made Brainerd his headquarters. He is a clean-cut wrestler and never stiffs in his work.

Cultivated Chestnuts.

Southern Californians are wondering whether the growing of the sweet chestnut is not destined to be one of the coming industries of the state. The appearance of a fine row of chestnut trees on the outskirts of the city of Santa Ana, in Orange county, California, suggested to a recent eastern visitor the fact that the chestnut as a future crop for California may rival before many years the enormous walnut output.

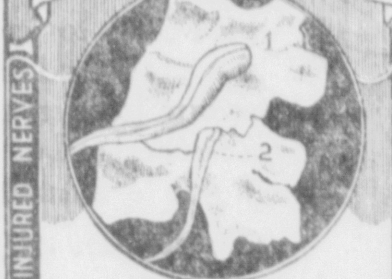

Got Her Pennies.

Mary had attended Sunday school for the first time. Upon returning home she was asked by her mother: "Mary, what did you do at Sunday school today?" To which Mary made the immediate reply: "Oh, nothing much. They took me down in the basement of the church and took my pennies away from me."

Banish Worry and Anxiety.

Many of those who have failed in life could have accomplished great things if they could only have kept themselves in harmony, if they could only have cut out of their lives the friction. The worry and the anxiety frittered away their energy and wasted their life forces.—Orison Swett Marden, in Chicago Daily News.

OUR ILLUSTRATION

Shows two nerves issuing from the vertebrae of the spinal column. No. 1 is in its normal condition, giving health and vigor to that portion of the body it serves.

No. 2 cannot perform its mission, being pinched by a displaced vertebra. It is this impairment of nerve function, that is the cause of nearly every form of disease.

CHIROPRACTIC quickly corrects such impairment, without drugs or instrument, restoring the body to a healthy condition.

LYMAN W. AYER FIRST WHITE CHILD BORN IN MINNESOTA IS DEAD

Little Falls, Minn., April 21—Lyman Warren Ayer, said to have been the first white child born in Minnesota, died here last night. He was nearly 86 years old. Heart disease was the cause of death.

Mr. Ayer was active in the state as a surveyor, cruiser and author. Up to a year ago he had worked for the government taking an Indian census.

He was born at Pine county, Pokagona mission, June 19, 1834, the son of Frederick Ayer, a missionary. In 1848 the family came to Morgan county, where the elder Mr. Ayer established an Indian mission school.

AMUSEMENTS

At the Park Saturday and Sunday

Anita Stewart, who will be seen at the New Park theatre in "Mary Regan," the latest First National release on Saturday and Sunday, has excellent support in this study of the vampires of both sexes who lurk about Broadway to suck the gold of the wealthy class.

Frank Mayo has the role of a detective in love with Mary Regan, the leading character; Carl Miller, a handsome juvenile, plays the part of a young man Mary is trying to save; Barney Sherry plays his father; Geo. Hernandez plays Peter Loveman, master mind of a gang of society intriguers; and Brinsley Shaw, L. W. Stears and Hedda Nova have other supporting parts.

CRUSHED UNDER CARS; DIED SHORTLY AFTER

Arnold Niederer Struck by Car as He Walked Between String on Track No. 1, Car Shops

REMOVED TO RY. HOSPITAL

Died at 1 o'clock from Shock and Loss of Blood, Was Returned Service Man

Arnold Niederer, single and age 22, returned service man who was on the French front, was badly crushed in the car shops of the Northern Pacific railway shops Thursday morning between 9 and 10 o'clock and died at the Northern Pacific hospital at 1 o'clock, about three hours later.

It is reported Niederer, carrying a casting, walked between two cars while a switch engine was at work on a string of cars, on No. 1 track in the new shops. He was knocked down, his legs and thigh crushed. He was rushed to the hospital where amputation was not attempted and where blood transfusion was expected to restore ebbing vitality.

The young man had a father and brother at work in the same department of the shops near him.

Young Niederer was in the air service in France and in Brainerd had joined the World War Veterans.

DESTROYER ACT SHOW FEATURE

Seven-Act Vaudeville Which Scored in St. Paul Recently, Here Tonight

The Destroyer Four, is the feature act of the big American Legion vaudeville show which is being played this evening at the New Park theatre. This act has made a hit in every theatre where it has been played. Life on a destroyer in the war zone cannot be shown better than is being done by these boys. A lot of good humor and comedy is injected into the act, but that does not detract from the vividness of the scene.

A special quartet of boys is singing in this act and supported by the lively jazz band carried with this show, the music will be the liveliest lot of harmony ever heard by a Brainerd audience.

Every act of vaudeville produced by the show is a big maker of fun and frolic. Comedians of every nature appear in the various acts. Fred Lumberg, considered one of the best dialect comedians in the show business today, is assisted in his act by Billy Blum, a straight man. These two have a skit that turns audience up side down and back end to. The skit is called "The Swede Janitor" and depicts the life and troubles of a janitor and he has every habit of the Swede and the janitor.

The Legion Minstrels of the show put over one of the biggest acts in real minstrelsy. They have the right sort of a setting with the right sort of snappy songs and good darkie dialect.

This show is put on under the auspices of the Brainerd Post of the American Legion. It will be shown for two nights, Thursday and Friday, April 22 and 23, at the New Park theatre. A capacity house is expected to greet the St. Paul Legion players when they appear on the stage this evening.

BRAINERD'S OLDEST STORIES
 "The world is changed these days", said Henry Hurley.
 "The Swedes are playing 45 and the Irish are chewing snuff."
 Home made brew appears to be in evidence in Brainerd with a kick like greased lightning and a 100 mile team effect.

TROMMALD

Trommald, Minn., April 19—Mrs. O. A. McCoy has returned from Waseca where she visited friends and relatives.

The funeral of Mrs. Ray Warren was held on Wednesday at Brainerd from the B. C. McNamara chapel. Rev. W. J. Lowrie, pastor of the First Presbyterian church officiating. There was a large attendance of friends and relatives from Trommald, Brainerd and other places. Six Elks lodge members were pallbearers. Mr. Warren being a member of the Brainerd Elks. The casket was literally covered with flowers, showing the high esteem in which she was held.

R. G. Harte has returned from the Twin Cities.

A basement is being put under the Mileusnich building.

DAILY DISPATCH ADS PAY

MASS MEETING TO CONSIDER PAVING

Cement and Bitulitic Adherents to Have Joint Session at Court House This Evening

2 RECOMMENDATION ARE MADE

County Commissioners Favored Cement and City Council Favored Bitulitic Paving

The paving of Oak street from Sixth to Nineteenth street will be threshed out by property owners of the street and citizens generally at the mass meeting at the district court room in the court house this Thursday evening.

The county commissioners recommended cement paving, the city council recommended bitulitic, which latter will cost \$16,000 more than the cement. There is much other paving to be done in the city and much hinges on the final acceptance of the Oak street paving bid.

Petition to Pave Norwood

A petition is to be circulated late in the day asking for the paving with cement of Norwood street from 8th to 19th street, also one block on 19th to Oak and one block from Norwood to 13th and Oak. The petition was drawn by Swanson Brothers and recites that it will be cheaper to pave Norwood than Oak as there will be less excavation work. It also asks under the tracks doing away with a for a viaduct at the tracks, tunneling crossing. The petitioners ask for the improvement regardless of whether Babcock aid is given or not.

Rumors were heard this afternoon that other petitions were in circulation on Oak street.

How Aid is Apportioned

State and federal aid for road projects or paving is apportioned on the basis of the lowest acceptable bid. The assistance given on the Oak street road accordingly would be based on the cement bid and not on the bitulitic one.

One man said the whole controversy in Brainerd can easily be settled. Let the Oak street property owners have bitulitic if a majority want it, and let the city at large pay its share on the cement bid. In that case the Oak street people could carry the \$16,000 higher charge.

NOTICE

Sealed Bids wanted for the construction of one mile of road on Town line between towns of Lake Edward and Snell, from the quarter post between Sec. 6, Lake Edward Sec. 1, of Snell, to quarter post between Sec. 7 and 12 of the same respectively.

Site to be brushed one and a half rods wide, and grubbed clean one rod wide each side of town line; all timber to be removed and brush burned. Road to be graded throughout, grade well-crowned in center and smoothly finished. Top of roadbed to be 16 ft. wide; width between outside of ditches, 28 ft.

A cut is to be made on north side of pot-hole in south half of mile beginning at top of grade at a stake set to another lower down, the width at top 33 ft. sloping down on each side to 28 ft. and 4 ft. deep at deepest point. Soil to be taken out as to make a fairly even grade down the hill and placed in pot-hole, or fill, so as to leave the roadbed down the hill and across the hill smooth, well-crowned in center, and 16 ft. wide on top.

Bids will be received by H. M. Hoff, R. No. 5, Brainerd, Minn., and D. C. Henderson, R. 5, Brainerd, Minn., up to and including noon of May 8th; but Friday, May 7th will be the last mail delivery available for this occasion.

Hearing to consider bids at Hubert, May 8th at 2 p. m.

The Boards reserve the right to reject any and all bids.

By order of Boards of said towns in joint session, April 15th, 1920.

D. C. HENDERSON, Town Clerk.

NOTICE

School district No. 17, Crow Wing Co., Minn. located 11 miles east of Brainerd will receive bids on May 1st, 1920 for the construction of a basement 20 ft. by 28 ft. See plan and specifications at Roy Cook's store. Board reserves right to reject any and all bids.

ROY COOK, Clerk.

Napoleon's Choice of Reading.

A traveling library of 800 volumes accompanied Napoleon to Waterloo, included in these being the Bible, Homer, Ovid, Bossuet, and all the 70 volumes of Voltaire. Three days after his final abdication he wrote for a library from Malmesbury, which included books on America, himself and his campaigns, a collection of the "Moniteur," the best dictionaries and encyclopedias.

Milk From Coconuts.

Along the Orange river natives have an ingenious way of producing "milk." After cutting the top from a coconut they place it over ashes so that the warmth may cause the fat and "butter" contained in the husk to be absorbed by the milk; this changes the milk's quantity and gives it a palatable taste.

5 FLIERS TO BE THERE MEMORIAL DAY

American Legion Post of Ironton Engages Services of the Federated Fliers

WILL PUT ON FLYING CIRCUS

Other Attractions Will Make the Day Resemble Ironton's Famous Homecoming Day

Ironton, Minn., April 20—The Ironton Community Council will offer prizes to the children for the best gardens, being two firsts of \$3 each, two seconds of \$2 each and five thirds of \$1 each.

On Memorial Day Ironton will have the Federated Fliers there for exhibition flights, the Myrin-James Post, American Legion, No. 443, of Ironton having contracted with five planes. Their organization is known as the Federated Fliers Flying Circus, including a staff of air experts of international fame. The American Legion plans on other attractions, making the day similar to Homecoming Day which was held Aug. 22 last year in Ironton.

The range sent a large delegation of women to the League of Women Voters convention at St. Cloud.

A baseball team will soon be organized in Ironton.

Fee holders of the Sultana mine bought at sheriff's sale the stockpile owned by the Oneida Mines Company for \$51,000, to settle tax and royalty claims against the property. The fee owners are J. C. Campbell of Cloquet, William Joyce of Eau Claire, Wis., and Mrs. John McAlpine of Duluth.

Mrs. A. H. Proctor has recovered from a recent illness.

F. E. Chase was in Brainerd on business.

Thomas Beare of Brainerd was in town Tuesday.

Wm. Syreen was in St. Paul attending the Babcock roads meeting.

Matt Majnarich lost 15 tons of hay in a grass fire.

CUYUNA

Cuyuna, Minn., April 19—A. Peterson of Remer is visiting his brother, O. W. Peterson.

Olof Oleson and family have removed to Minneapolis.

Morris Greenberg of Eveleth is visiting relatives in town.

Joe Dombrowski and family have removed to Detroit, Mich.

MASONS ATTEND CHURCH IN BODY

Crosby Masons, 45 in Number, Attended the Crosby Methodist Church on Sunday Morning

FIRE AT THE JOE VIZZA HOME

Miss Opal Holcombe Teaching at the Bay Lake School—George La-Victorie Visits Home

Crosby, Minn., April 20—The Masons attended the Methodist church Sunday morning in a body. There were about forty-five in attendance at the services.

Miss Opal Holcombe is teaching school at Bay Lake this week.

Miss Ida Barwell of Eau Claire, Wis., arrived here last week and visited until Wednesday with her mother and brother, Harry. Miss Barwell is soon to be married to Carl Lyse and will reside in Eau Claire.

George La-Victorie came home from St. Paul and spent Easter Sunday with his parents. He returned Tuesday by car with Harvey Thorpe and C. LaVictorie.

The fire department was called to the home of Joe Vizza last Friday afternoon and in short order put out a blaze that caught from an overheated stove. When the department arrived the interior of the building was a mass of flames. There was a strong wind blowing from the north west and made the fighting very difficult.

DEERWOOD

Deerwood, Minn., April 19—Mrs. W. T. Coe, chairman of organization of the League of Women Voters, spoke in Deerwood Wednesday afternoon. On Thursday the Civic League gave a luncheon for Mrs. Coe at the Shannon Inn.

Peter Brand was in Brainerd on business.

Miss Marjorie Miller has returned from a visit in California.

Mr. and Mrs. L. P. Hall are expected home from California early in May.

Rev. M. Johnson has been named county representative of Stewardship for the Interchurch World Movement.

Miss Rachel Anderson of Wadena is employed at the Deerwood restaurant.

Mrs. Herman Wischniowski was operated on at a Brainerd hospital.

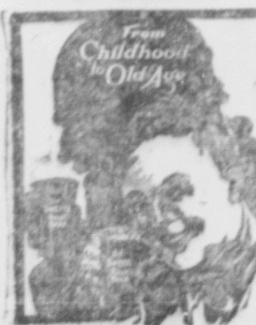

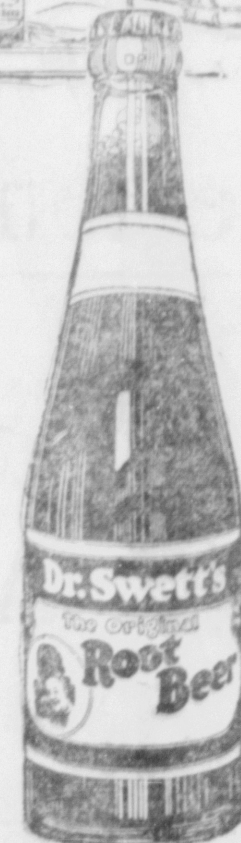

Buy a case for the children

Dr. Swett's, The Original Root Beer, makes a welcome addition to the luncheon the kiddies take to school.

It is a wholesome drink; made entirely from products of nature; sparkling, full of zest, and highly pleasing to the taste—good for old and young alike.

Order a case today from the dealer—delivered to your home. And buy it by the glass at the soda fountains.

Distributors

The Fitger Company, Duluth, Minn.

Send or Telephone your orders direct to J. H. Mueller, Brainerd, Minn.

Oxfords and Pumps

See Our Window Display

See the pretty window display of our new oxfords and pumps for this season. They will have your immediate attention. You'll find them to fit and to please.

H. F. Michael Co.

MANGANESE

Manganese, Minn., April 20—Paul Henry has returned home from Flint, Mich.

Dr. and Mrs. Ray Shannon of Minneapolis were guests of Mr. and Mrs. Ray Westaway.

The Mothers Club met with Mrs. F. B. Connors on Wednesday.

Mrs. Irma Camp Hartley, county superintendent of schools, and Miss Reid, normal training teacher of Brainerd, and Miss Augusta Dahle, normal training teacher of Crosby, visited the Manganese school.

Don't miss this grandest of remedies and wonderful preventative for Grip. Flu. Address 621 Main St., Chgo., O. For sale at all Drug Stores. 20-day treatment 25c.—Adv.

Brainerd Dispatch Want Ads Will DO the Work

A special \$7,000,000 plant was built and a specialized organization was gathered together to make this tire exclusively.

Such specialization is typical of Firestone.

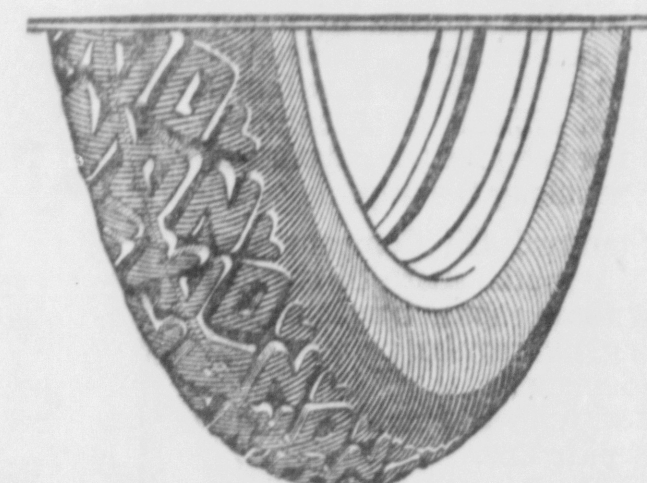

The plant capacity is 16,000 a day.

The \$7,000,000 3 1/2 inch Tire

The results are all in favor of the car owner:

Quality at low cost; strength and scientific balance; car protection; long life; most miles per dollar.

Stop tire shopping. Buy Firestones.

Most miles per dollar is a Firestone pledge to the big car owner as well as to owners of light cars. See the new standard oversize Firestone Cord.

Firestone

TO MAKE PLANTS SAFE FOR LABOR

STATISTICAL METHOD APPLIED TO LESSEN NUMBER OF ACCIDENTS.

HOPES TO ELIMINATE CAUSES

Government Commissioner Contends There Must Be Co-Operation Between Management and Employees to Reduce the Frequency of Injury.

By JAMES P. HORNADAY.

Washington.—The federal government has undertaken to lessen the number of accidents in industries by applying the statistical method. "It is an interesting fact that safety men were unable to make much impression on the frequency of accidents until accident statistics revealed the causes responsible for the greater number of accidents," said Royal Meeker, United States commissioner of labor statistics. The analysis by the bureau of labor statistics of accidents by length of disability or severity of injury had some very important results. It was found that some industries and occupations with high accident frequency rates had low severity rates. On the other hand, industries and occupations with low frequency rates had high severity rates. It was further discovered that the fatal and more severe accidents were largely due to faulty layout of plants and faulty construction of equipment.

For instance, blast furnaces formerly contributed very largely to the fatal accidents in the manufacture of iron and steel. The heavy toll of deaths due to blast-furnace accidents led to improvements in construction by which "blow-outs" with their accompanying fatalities have been almost entirely eliminated. These improvements in the construction of blast furnaces were brought about as the result of the analysis of accident statistics and the calling of the attention of those responsible for the direction of industry to the causes of the more severe accidents.

Co-Operation Necessary.

"It is impossible to differentiate accurately responsibility for accident occurrence," said Mr. Meeker. "There must be the fullest co-operation be-

tween management and men if accidents are to be reduced to the irreducible minimum. Workers must be educated to be careful in doing their work. The management must be educated to be careful in laying out and building the plant and equipment to be used by the workers. The analysis of accident statistics made by the United States bureau of labor statistics indicates that the education of the workmen may and does result in reducing very greatly the number of accidents, especially the minor ones. These studies indicate with equal precision that we must depend upon the education of employers to bring about any marked decrease in the severity of accidents. Workers can spend all their time being careful in a badly constructed, badly equipped plant and yet be killed or seriously injured by reason of unsafe railroad yards or badly designed or badly built machines and other equipment."

The safety movement has gained tremendous impetus. The workers are being educated in the gospel of being careful not merely for their own safety but for the safety of their fellow workers. Employers are also being educated to provide safe and sane workshops and equipment for their workers to use. The great need of the hour, Mr. Meeker says, is more accurate accident statistics and more intelligent tabulation and analysis of such statistics. Employers have gone about as far as they can go in directing the safety campaign until they can be given more information about the causes and severity of accidents in industries and occupations that have not yet been included in detailed accident studies.

According to Mr. Meeker the most important contribution that could be made to the further development of the safety movement would be the adoption in all the states of the Union of uniform accident reporting blanks. These blanks should call for the essential facts which safety men and factory inspectors must know to determine the causes and results of accidents. These uniform accident reports should be tabulated on the tabular forms adopted and according to the rules laid down by the committee on statistics and compensation insurance cost of the International association of industrial accident boards and commissions. Information regarding accident occurrence and results collected in a uniform way from all industries and plants throughout the country and tabulated in a uniform manner would be most valuable to employers, employees and factory inspection departments.

"The campaign for the reduction of severe accidents need not at all diminish the vigor of the campaign for the reduction of minor injuries. It is important to reduce the occurrence of all accidents—minor and major—to the irreducible minimum, but the point that needs emphasis just now is the fact that it is more important to prevent the loss of the legs, the arms and the lives of workers than to prevent the loss of the finger nails and cuticle of workers," Mr. Meeker says.

Checkers Ancient Game.

It is only in this country that the game is known as checkers. In England it is called "draughts," and in Germany "Damenpiel," while in the French it is known as "Les Dames," or more elaborately as "Le Jeu de dames a la polonoise." One authority declares brahly that it is a modern game, although a somewhat similar game was known to the Egyptians as early as 1500 B. C. However, Plato had his theory as to the origin of the game, while Homer represents Penelope's suitors as playing checkers to kill time. So we see that the customs in a thousand rural grocery stores and barber shops are but a survival of classic diversions.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for a list of testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all druggists, 75c.

Their Ablutions Soon Over.

Personally we have met many kinds of chumps in our time, but we have never encountered one who boiled very long in a cold bath.—Dallas News

112 Millions used last year to KILL COLDS

HILL'S CASCARA QUININE BROMIDE

Standard cold remedy for 20 years—cure, tablet form—safe, sure, no opiate—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture. At All Drug Stores

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

Fraternal Friendship. A curate of a very nervous temperament was constantly making awkward remarks intended as compliments. Having distinguished himself in an unusual degree during a gathering of clergy at the bishop's palace, he was taken to task for his fallings by a senior curate who was one of his companions on the way home. "Look here!" said the senior decidedly. "You are a donkey! Why cannot you keep quiet instead of making your asinine remarks? Mind you, I am speaking to you now as a brother!"

60 Ton Miles of Motor Truck Freight Per Person

DURING 1917 (latest authentic figures available) motor trucks hauled 60 tons of freight a mile for every person in the United States. Then the country was at war and the capacity of the railroads was overtaxed.

It is doubtful if even a small percentage of this enormous tonnage could have been moved except by motor trucks.

The management of the Standard Oil Company (Indiana), recognizing the necessity of furnishing facilities for supplying gasoline to automobiles and trucks as they traveled through the country, established Service Stations at convenient points throughout the territory served.

These Service Stations perfected the system of distribution maintained by the Company.

The drivers of this caravan of motor trucks which carried the 6 billion ton miles of freight in 1917 would have found their task more difficult of accomplishment had it not been for the network of Service Stations along the way.

While the Standard Oil Company was supplying a substantial share of the fuel consumed by these motor trucks, it also was supplying its regular patrons, and meeting the demands of the United States Government with great quantities of gasoline for war purposes.

Its preparedness and its ability to meet an emergency, however unheralded the emergency may be, serves to emphasize one of the salient phases of the bigness of the Standard Oil Company (Indiana).
